NATURAL STONE PAVING

BRADSTONE

Our natural stone paving ranges from Bradstone represent some of our finest products. Perfect for those with discerning tastes, few other materials can match the quality feel and beautiful appearance of natural stone.

We're pleased to be able to say that we're committed to sourcing all of our natural stone from sustainable sources, without sacrificing quality. Our natural stone is highly durable, and many of our ranges are machine cut for a perfect quality finish.

BRADSTONE

SANDSTONE FOSSIL BUFF

PORCELAIN PAVING

Why choose porcelain?

- It is highly resistant to severe weather and temperature changes, and also resilient to mould or moss.
- It maintains its characteristics, both technically and aesthetically over time, which means it will not fade in the sun.
- It provides a **low maintenance** paving solution
- Requires no additional treatments to be applied, such as sealants
- **Easy to clean**. Porcelain does not absorb spillages
- **Extremely hard wearing** and **strong** and is therefore suitable for both driveways and pathways

CONCRETE PAVING

OLD TOWN paving is perfect for creating a garden with a charming, traditional look. Made from moulds formed from flooring taken from a derelict 19th century Lancashire Cotton Mill, its finish looks just like authentic reclaimed stone. With the appearance of timeworn York flagstones incorporating original tooling marks and weathered edges, there are over 25 different profiles in the range to give a truly random appearance to your patio.
